## Introductions of C. H. Hall

**Aliquippa** (Hall 1924). Good sized flower of pale massicot yellow. A. I. S. Silver Medal.

34 inches.....\$ .25

**Chartier** (Hall 1925). A smooth, clear white with wide, flat segments. A. I. S. Silver Medal.

32 inches.....\$ .25

**Edgewood** (Hall 1926). Deep "pink" bi-color. Large flowers of excellent form and fine carriage. 45 inches.....\$ .35

**Elsinore** (Hall 1925). Primrose yellow, bordered vernonia purple. 32 inches.....\$ .25

**Fairylea** (Hall 1932). A white plicata, the margins of the standards and of the upper half of the falls etched light bluish lavender. Large flowers of handsome form. 32 inches.....\$1.00

**Fontanette** (Hall 1939). S. Mathews' purple suffused eupatorium purple; F. Mathews' purple with large lilac area surrounding the beard. Good sized flowers. A deep pink blend possessing a certain luscious quality in its coloring.

34 inches.....\$5.00

**Guyasuta** (Hall 1931). S. mulberry purple, F. velvety fluorite violet; in general effect a self, even to the center of the flower. Large, finely formed blooms of heavy substance; growth vigorous: 34 inches.....\$ .50

**Kandahar** (Hall 1939). S. lavender violet, paler at midrib; F. velvety prune purple; yellow beard. Good sized flowers, good substance, free flowering. One of the last irises to come into flower and one of the most richly colorful. 32 inches.....\$5.00

**Katisha** (Hall 1933). S. tourmaline pink, yellow toward base; F. color much the same as standards. A light pink blend of good habit in every way. 32 inches.....\$ .75

**Kittanning** (Hall 1937). S. pale to light mauve; F. velvety dahlia purple. Large, finely formed flowers of good substance. Erect, branching stalks; vigorous, but of medium increase. Attractive as a garden clump. Late blooming. 40 inches.....\$7.00

**Lodestar** (Hall 1925). S. lemon chrome; F. velvety claret brown with lemon chrome border. A. M., A. I. S. 2½ feet.....\$ .25

**Marvista** (Hall 1939). S. deep colonial buff with broad border of dark vinaceous veinings; F. velvety light garnet brown margined hazel in vicinity of beard; beard projecting, orange. Large flowers of good substance. Very rich buff and light brown effect. 3 feet.....\$10.00

**Montour** (Hall 1925). S. pinkish cinnamon flushed magenta; F. solid velvety burnt lake; orange beard. Exquisitely finished in every detail. 28 inches.....\$ .25

**Naronda** (Hall 1934). Solid royal purple self; a deep "blue" of intense color; prominent light yellow beard. Fine upright habit; vigorous growth; well-branched stalks; free flowering. 44 inches.....\$1.00

**Nemacolin** (Hall 1937). S. lustrous amber yellow; F. solid bright velvety bordeaux; yellow beard. A variegata of exceptionally fine colors in clean, sharp contrast. Late blooming. 30 inches...\$4.00

**Rosemont** (Hall 1934). S. vinaceous lilac; F. velvety pansy purple; yellow beard. In general effect a rich bronzy rose-red. Large flowers well placed on widely branched stems. 40 inches.....\$1.00

**Serenade** (Hall 1927). A light pink of desirable substance and fresh coloring. 30 inches...\$ .35

**Stanwix** (Hall 1933). S. soft bluish violet; F. Bradley's violet, yellow beard. Large flowers of heavy substance. A fine medium blue. 40 inches.....\$ .75

**Woodland** (Hall 1925). A mauve to Chinese violet self of great size and beautiful shape. 48 inches.....\$ .25

Postage prepaid in the United States on all orders amounting to \$2.00, or over. Shipment from July 1st until late October.
